

Live Online Seminar Program

23rd April
10am and 3pm
(CET)

Overcoming the yuk factor: effective taste-masking approaches for bad tasting drugs

Register Now

28rd April
10am and 3pm
(CET)

How to use functional lipid excipients in veterinary medicines

Register Now

30rd April
10am and 3pm
(CET)

How to improve topical delivery in veterinary medicines with Transcutol® V

Register Now

5th May
10am and 3pm
(CET)

Evidence-based approach for optimizing lipid-based systems for oral peptide delivery:

PART 1: Development and characterization of nanoparticles

Register Now

7th May
10am and 3pm
(CET)

Evidence-based approach for optimizing lipid-based systems for oral peptide delivery:

PART 2: Development of SEDDS and SMEDDS

Register Now

12th May
10am and 3pm
(CET)

A beginners guide to SELF'ies for solubility and oral bioavailability enhancement

Register Now
