

**Discover our innovative
excipients for pharmaceutical
formulations**

8 - 10 Oct 2024

MEET US AT BOOTH 6G22

A collection of pharmaceutical products including a white tube with a silver cap, a glass vial with a silver cap, a glass ampoule, and several tablets (orange, white, and yellow) on a reflective surface.

SEPPIC

SCIENCE THAT CARES

SEPPIC

**... to explore our high
purity surfactants for
biologics..**

For small and large molecules

SEPPIC

**..to learn more about our
innovative polymers &
emulsifiers..**

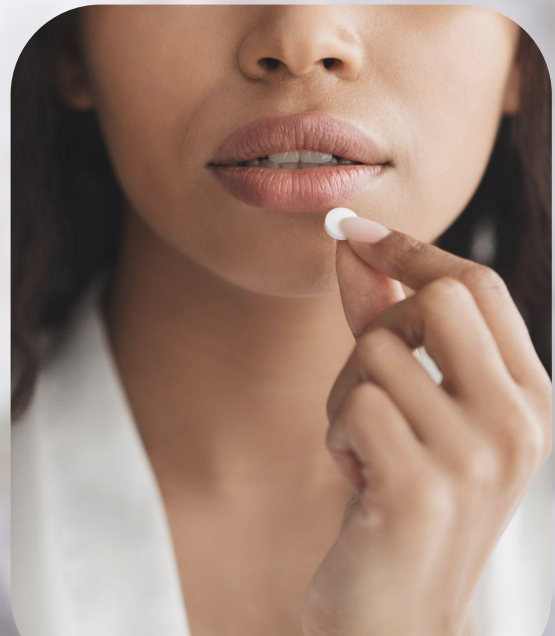

For versatile skin formulations

SEPPIC

**.. to access different
markets with our multi-
compendial surfactants..**

For solubility & stability
enhancement

SEPPIC

**.. and to know more on
our new range of high
throughput tablet coatings.**

For titanium dioxide
replacement

The background features a light blue gradient. On the left, two glass test tubes with orange liquid inside stand on a reflective surface. In the foreground, several white and orange tablets are scattered. On the right, a white tube with a silver metal cap is lying on its side, with a dollop of white cream or ointment being dispensed from the opening. The overall scene is clean and professional, representing pharmaceutical science.
